

Rising Above Motto

**Wonderfully made,
created for plan and a purpose,
destined to glorify God.**

A motto helps define the purpose of a group or organization. When Rising Above first began, creating a motto was important for defining who we were and what we were about. We love helping families realize that every person is created wonderfully by God for a plan and purpose to bring Him glory! You may notice that each part of our motto is supported by Scripture. We think that is a great place to start!

In the space below, write down some scripture that you feel would be good to include if you created a family motto. On the next page, create one! When we have a motto, it helps our family be more focused on the important things, and less distracted by the unimportant. You can print and post this motto in a prominent location in your home!

The

Family Motto
